

SmartDitch 2011 advertising & tradeshow schedule

Look out for upcoming SmartDitch advertisements in the following magazines!

When it's all about Control...

The SmartDitch™ System will stop your problems before they start.

FLOW CONTROL
IRRIGATION CONTROL
STORMWATER CONTROL
EROSION CONTROL
SPILL CONTROL

SmartDitch lets you stay one step ahead of your stormwater problems.

SmartDitch is engineered to capture, re-directed, and control stormwater runoff. Made from industry proven UV resistant HDPE, SmartDitch is built to withstand the erosive effects of water and the test of time.

SmartDitch is a carefully designed, comprehensive system consisting of channel liners and fittings, that is backed by North America's #1 heavy-gauge thermoformer, Penda Corporation.

SMARTDITCH
FINALLY, SMARTER SOLUTIONS IN WATER MANAGEMENT.™
