

DURALINER STEEL REPLACEMENT BOTTOMS

BUILT TO REINFORCE, MADE TO ENDURE

HEAVY-DUTY STEEL BOTTOMS FOR LONG-LASTING PERFORMANCE

FEATURES

STEEL REPLACEMENT BOTTOMS

Our Steel Replacement Bottoms are engineered for durability, performance, and ease of use. Folded 5.5" sides provide added rigidity and a precise fit, while integrated drain holes with plugs simplify maintenance and improve efficiency. Full-length reinforcement rails deliver unmatched strength and stability under heavy loads. Proudly made in the USA, these bottoms are quick to assemble and available in standard sizes or fully customizable to meet your specific needs, with efficient stacking for fast, cost-effective shipping.

- Certified Domestic Steel to ensure quality, consistency, and compliance with U.S. manufacturing standards
- Precision-cut for a cleaner finish and stronger weld integrity
- Integrated Drain Hole with Plug simplifies maintenance and improves drainage performance
- Precision-formed 5.5" sides bent at 90° for a perfect fit and added rigidity
- Includes two 2.5" x 3" steel rails for maximum support and stability
- Proudly manufactured in the U.S. for faster lead times and reliable quality
- 90-minute install with one fabricator reduces labor costs and downtime
- Custom sizes and configurations available upon request

QUALITY

High-quality steel built to U.S. manufacturing standards for strength and reliability.

PRECISION
